Lakeview, OR 97630
Ph: (541) 947-2114 ext. 233 Fax: (541) 947-5575

## CT SCAN HEAD, NECK, AND CHEST

PATIENT NAME:

REFERRING/ORDERING PROVIDER:
Your healthcare provider has requested you have a CT scan. Please check in at the Lake District Hospital outpatient admitting office 15 minutes prior to your appointment time. You will then be directed to the radiology department.
WHAT TO EXPECT:
After you enter the scan room, you will be positioned on a special table by the technologist. The technologist will explain the procedure, control the scanner, and monitor the progress of your exam.
It might be necessary to give you an injection of contrast medium, into your vein, to highlight the vascular structures.
The scan itself will take between 30 and 45 minutes. It is important to remember every patient and exam are different, so some scans may take longer and involve more than other scans.
A radiologist will interpret the scan and a report will be sent to your healthcare provider.
If you have any questions, or are unable to make your appointment, please call the radiology department at 541-947-2114 ext. 233.
